ABOUT ME

- Brazilian Web Developer with a **valid EU work visa** since 2022.
- Experienced in **full-stack web development**, with strong skills in **React, Next.js, HTML, CSS, styled-components, Tailwind CSS, JavaScript, TypeScript, Node.js**, and **Express.js**, focused on creating seamless user experiences. I'm also skilled in **Figma** for design, **Git/GitHub** for version control, and have a solid understanding of UX principles from my studies at the [UX Design Institute](#).
- Known for being **organized, detail-oriented**, and **committed** to delivering high-quality results.
- Fluent in **English** and **Portuguese**.

PROJECTS

Coffee Delivery

- A responsive delivery coffee store in which the client can place an order, choose the quantity, add to the cart, insert the delivery details, and proceed to the payment method.
- **Technologies:** React • TypeScript • styled-components • Radix • CSS • HTML • JavaScript.

Link: <https://coffeedelivery.netlify.app/>

Timer App

- A responsive countdown tool to help you manage your time and boost productivity. You can add a name and duration to each task, and view the history of completed or interrupted timers.
- **Technologies:** React • TypeScript • styled-components • CSS • HTML • JavaScript.

Link: <https://ignit-timer.netlify.app/>

Todo App

- A responsive to-do app that marks all your tasks for the day and includes a counter that tracks how many tasks have been completed and how many are still open to finish.
- **Technologies:** HTML • CSS • JavaScript • React • Typescript.
